

The research field oriented Research Data Centre **fdz.DZHW** provides quantitative and qualitative research data for scientific secondary use from the field of higher education research and science studies. The **fdz.DZHW** operates in accordance with the criteria for research data centres of the German Data Forum (RatSWD) who already granted accreditation.

The **fdz.DZHW** provides de facto anonymised Scientific Use Files (SUF) for research purposes and absolutely anonymised Campus Use Files (CUF) for teaching purposes. Digital Object Identifiers (DOI) provided by da|ra guarantee persistent identification and availability of SUF und CUF.

The available data also qualifies for the analysis of research topics from related research fields like school or labour market research.

Further information is available on the project website of the **fdz.DZHW**:

Higher Education Research and Science Studies

# German Research Data Centre for Higher Education Research and Science Studies

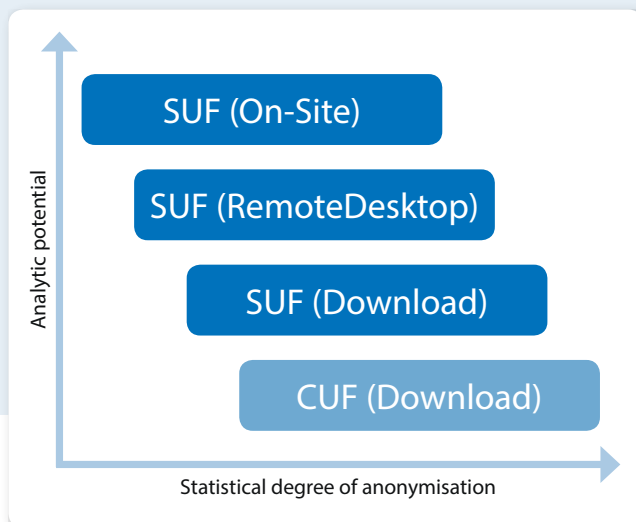

## MODES OF DATA ACCESS

While CUF are available as downloads, SUF are provided via different modes of access:

- **Download:** data provision via the **fdz.DZHW** website; data processing on the data users local computer
- **Remote-Desktop:** remote access to the **fdz.DZHW** terminal server via internet; no data transfer to local computers possible
- **On-Site:** guest workplace at the **fdz.DZHW**

To account for data protection regulations, the degree of anonymisation and the corresponding analytic potential vary depending on the mode of access.

## SERVICES

### Search Portal

for data sets as well as variables and characteristics: [metadata.fdz.dzhw.eu/#!/en/](https://metadata.fdz.dzhw.eu/#!/en/)

### Provision

of data from higher education research and science studies for secondary use

### User Support and Training

regarding available data and analytical potential

### Documentation

on the basis of data and method reports, data set reports as well as survey instruments

### Archiving

of data from higher education research and science studies for longterm storage

## EXAMPLES FOR AVAILABLE DATA

(Please check our search portal for all currently available datasets.)

### German Panel Study of School Leavers

- educational biographies of school leavers with a higher education entrance qualification
- panel series since 1976
- available: cohort 2008 (1<sup>st</sup> to 3<sup>rd</sup> wave)  

### Student Social Survey in Germany

- economic and social situation of students
- survey series since 1951 (data pool since 1982)
- available: 19th Social Survey    
20th Social Survey    
21st Social Survey 

### German Graduate Panel

- professional biographies of higher education graduates in Germany
- panel series since 1989
- available: cohort 2005 (1st to 2nd wave)    
cohort 2009 (1st to 2nd wave)  

### PhD Panel: Careers of PhD Holders from Germany

- learning and development conditions, context
- available: cohort 2014 (1st to 2nd Wave)  

### German Scientists Surveys

- research conditions of academics at German universities
- available: Scientists Survey 2016 

### WiNbus Online Panel among Young Academics in Germany

- "Academic Career and Family" – qualitative approach of WiNbus
- e. g. interview transcripts, postscripts, interviewing guideline 

#### Available Translations:

-  data and documentation available only in German
-   data and documentation available in German and English
